## EXPERIENCE

---

**Android Developer Intern** Jan 2025 - Present  
Zypp Electric *Gurgaon*

- Working on the current projects and maintaining them
- Currently building a new project from scratch that will be in market in a few months

## PROJECTS

---

**Feastmate** [Currently working](#)

Feastmate is a food delivery app that provides user with a seamless interface and restrants with an admin panel that helps them track every order and its current status.

**QwickTix** [Github](#)

QwickTix is a mobile app for event ticketing and RSVP management using QR codes. It streamlines event creation and attendance tracking for organisers and attendees. It also increases engagement and convenience through contactless ticketing and mobile access.

**Glyd** [Github](#)

Glyd is a Image Carousel Library that you can import in your android apps to integrate a carousel that automatically changes images in intervals of time

**Vibey** [Github](#)

Vibey is a Real-Time Chat application made so that users can send and receive messages that use Sender Room and Receiver Room Encryption and also supports parallel activities by multiple user so many users can chat simultaneously at the same time.

## LEADERSHIP

---

- **Vice-President at GeeksForGeeks ABESEC Student Chapter** [GFG ABESEC Instagram Page](#) where led a team of 30+ individuals. Actively involved in facilitating events, holding technical workshops, and more alongside other leads and a team of volunteer!
- **Committee Member for Harmony - A Techno Cultural Fest** [VSPS Harmony Instagram Page](#) with over 2000+ attendees in our Fest that is a combination of Technical and Cultural Events and has a Star Night on last day where good singers like Darshan Raval, Gajendra Verma, etc have graced the stage.
